

Practical Science Quiz 2016

Organized by:

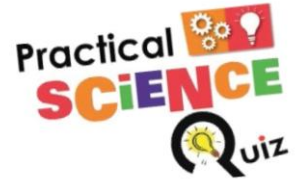

ABOUT

Practical Science Quiz (PSQ) is a science quotient and aptitude test for students from grade 4 to 9 around India to assess student's orientation towards science and its application. PSQ also helps schools and parents to assess, analyze and enhance the science knowledge and aptitude of the children with a performance report.

This is an initiative from ScienceUtsav that aims at bringing about Practical thinking approach in school going children.

ORGANIZER

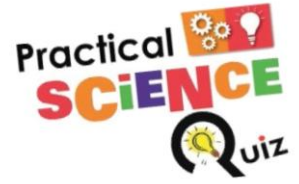

ScienceUtsav is an edutainment program for children of age 05 to 14 years. We have created an interactive learning platform for the participants through hands-on activities, science experiments, fun projects, science games, puzzles, science expeditions, role plays and other innovative pedagogy techniques. We believe that “Practicality is everything”!

VISION

“ We BELIEVE that every child is special and with the right moulding and training is capable to grow into an exceptional **Human Being!**”

OBJECTIVE

- ▶ To Invoke curiosity among the school children about understanding Science outside the curriculum
- ▶ Build Inquisitiveness
- ▶ Research Approach to everything children do
- ▶ Make children practice “Scientific Methods”

Testimonials

Practical Science Quiz was too good. It was a great opportunity for my son. He learnt many things.

-- By Ramya, Parent

The quiz conducted by Scienceutsav is a very unique way to test the understanding of scientific concepts amongst kids. I have so many unique takeaways from the quiz that i can never forget because of the practical demonstration.

-- By Anusha, Student
