

STUDENT GUIDELINES

ABOUT

Practical Science Quiz (PSQ) is a science quotient and aptitude test for students from grade 4 to 9 around India to assess the student's orientation towards science and its application. PSQ also helps schools and parents to assess, analyze and enhance the science knowledge and aptitude of the children with a Performance Report. This is an initiative from ScienceUtsav that aims at bringing about practical thinking approach in school going children.

This is the first of its kind quiz in the country which aims to help kids explore and learn more about science and technology practically. Quiz is meticulously designed by our research team to bring uniqueness and allow the spectators and participants to experience science practically. Quiz includes competency test, performance report, Science experiments, Hands-On projects, Charades, Games, Expressions and much more.
