**SCIENCE PARTY:** On your child's birthday, gift your child an experience of a lifetime. One of the most popular offerings of ScienceUtsav, science themed birthday party is a dramatized science workshop with series of experiments, fun games and amazing stories to wow your child and his friends on his birthday.

**Duration:** 90 minutes

**Best Suited For:** 10-25 Audience

# POPULAR THEMES !!

- ❑ I Love Slime – Goopy Sticky & Yucky
- ❑ Science Of Wizards – Cast your Spells
- ❑ Funny Photons – Travel with Light
- ❑ Spy 007 – Be a Detective
- ❑ Kiddo Engineer – Build your Gadget
- ❑ Magic Potions – Fun with Fluids
- ❑ North pole experience – Chill with Liquid Nitrogen
- ❑ The Alchemist – Chemical Mania
- ❑ Technophilia – Be a Robo-Scientist
- ❑ Halloween – The Haunted Science

# I Love Slime – *Gooey Sticky & Yucky*

One of the most popular theme of ScienceUtsav where the participants play with safe chemical ingredients to learn different slime recipes. It's a great experience for the young scientists to learn about amazing chemical reactions and about polymers.

# Science Of Wizards – *Cast your Spells*

Story of this theme starts with a quest to find the Philosopher's stone. Host asks riddles and puzzles which lead to new experiments which are intriguing and exciting!!  
Magic wand,, Secrete message, Plasma ball are the few experiments experienced by the participants.

# Funny Photons – *Travel with Light*

Dark room party where properties of light are explained with a fun experiments. Chemiluminescence and Phosphorescence, Magic Colour shadows , Fake X ray, and many other experiments perplexes everyone to know what light is made up of !!

## Theme: Spy 007 - *Be a Detective*

Forensic science is a fun birthday party theme where the participants become forensic experts and understand about the life of a spy!! Participants are divided into groups and they are engaged in exciting activities like fingerprint dusting, deciphering codes, etc. Spy kits are provided during this theme party which have a magnifying glass, fingerprint powder, pair of gloves, fingerprint task sheet, special finger print tape, etc to make the party a memorable hands-on experience!

# Kiddo Engineer – *Build your own Gadget*

Why to buy a return gift when children can build their own Science toy. Make Children reinvent their gadget as a take away gift with help of different components provided. Participants tinker with STEAM concept, Use tools, Build Skills, Learn the concept to design the Science Toy of their own.

# Magic Potions – *Fun with Fluids*

Amazing experiments and chemistry activities to learn about different fluids around and their properties. Participants will play with magical potions which change colours, make water disappear, change state etc. A special birthday party where the kids learn something while having lots of fun. Super Absorbent polymer, Dry ice experiment, Self-inflating balloons, Perfume Making etc are the other experiments which will keep participants engaged and excited for 90 min.

# NorthPole Experience – *Chill with Liquid Nitrogen*

Amazing cold party to treat kids the pop corns at  $-196$  degree Celsius. Fantastic science demonstrations using Liquid nitrogen experiments. Cold Bomb, Disappearing Balloon, Banana Hammer, Flower Crush, Coldest popcorns are the attractions of this party theme.

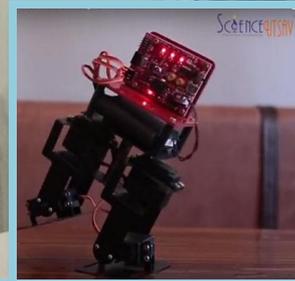

# The Alchemist – *Chemical Mania*

Oldest birthday party theme of ScienceUtsav is still one of the best! The participants play with safe chemicals. It's a great experience for the young scientists to mix chemicals and form something new! Chemical Chameleon, Snaky venom, Elephant tooth paste, Magic Scripts, Slime Making are the few attraction here.

# Technophilia – *Be a Robo-Scientist*

Is your child a techno geek? Make him fall in love with futuristic Technology with help of robots. Lets promote 21<sup>st</sup> century skills among the young generation and that experience be a return gift on your child's birthday !!

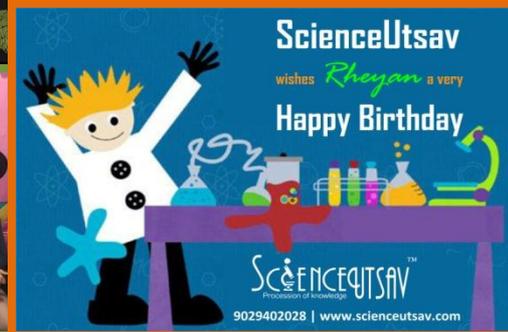

# Halloween – The Haunted Science

ScienceUtsav's Halloween themed party is mix of Amazing science experiments, Games and Hands on Activities. The experiments include many Physics and Chemistry activities with a spooky twist. This is a special party where kids have a lot of fun while learning science.

# ADDITIONAL OFFERINGS (Ask for Price)

- ❑ Theme Based Birthday Party Invites
- ❑ Theme Based DIY Return Gifts
- ❑ Science Themed Decorations
- ❑ Theme Based Costumes & Props
- ❑ Science Themed Face Painting & Tattoos
- ❑ Candid Photography & Videography
- ❑ Emcee Games
- ❑ Invites, Certificates, Poppers and more

# WE LOVE MAKE IT FANTASTIC !!

21 February 2018 · 🌐

Hi Science Utsav,

Thanks for making my daughter's 10th Birthday party so fun & innovative!!

We are new to Bangalore and while searching for the Birthday party options, I came across Science Utsav thru some web site and quite frankly with no reference was bit scared to engage with you folks for my B'day event. But the way you guys answered all my queries in a timely fashion, explained each and every activity in thorough details and customized the packages per my requirements I was truly impressed with the level of customer service & attention your team gave to me.

My party was on Sunday (Feb 17) and till today (Feb 21) I am getting compliments for such innovative and awesome party. I'd like to extend my special thanks to Narendra for entertaining kids with his energy and passion!! Now my son also wants to call your team for his Birthday party 😊

Thanks again Ajith, Narendra and Sandhya for making my daughter's party so memorable and special.

Regards,  
Charu
